Built By Us | Career Design Canvas

Name: **Date:**

Where are you now?
How would you describe your career currently? How satisfied are you with your current situation?

Where do you want to be?
What does an ideal future look like for you? This could be in 1, 3 or 5 years time or your ideal situation

References
Who would be willing to support any applications? This could be a teacher, mentor, previous employer

USP
Where are your passions? What values and interests that you could bring to your ideal role?

Awards
How might you demonstrate your skills? Add any qualifications and awards here.

Experience & Skills
What experience can you bring from education, work or volunteering?

Your network
Connections are an important resource. Who in your network could support you? Include family, friends etc.

Sharing your skills
What channels or platforms could you use to communicate with potential employers?

Potential Opportunities
List potential businesses & organisations that you admire or would like to work for.

Areas for development
Which are the areas that you need to improve on, for example networking, software or communication skills.

How might you address your development areas?
Traditional education routes are one way to address development areas but there are others. What most appeals to you? Accredited courses, coaching, mentoring, short courses, training, volunteering etc
